## KINDERGARTEN

Posted by danalanir - 2008/01/02 14:53

---

Hi

we new in town and look for kindergarten (chinese speakers) for 2 years old and i were in some but all of them do not use the heating system. does all of them like that?  
if you have any recommendation please let us know.

Dana

Well, my daughter (half french, half Chinese) is in the combaby in orchards Manor. There are 2 classroom on the morning (local chinese or foreigner) .

They use heating systems !!!!

If you are looking to enroll your children in a quality program, I suggest you check out Regent International Preschool, located in SND, Regent on the Park.

Contact is Kelly Chen, 86-512-6825 7538.

Our school offers care for 2-6 year olds, is staffed by Canadian trained Early Childhood Educators, from George Brown College in Toronto, Canada.

Each class also has a Mandarin speaking Early Childhood Educator as well. Class sizes are kept to 15 children per class. Curriculum is delivered in both Mandarin and English, is play based, and founded upon current child developmental theory.

Diane Bergeron,  
Principal, Suzhou Regent International Preschool

Diane,

I am looking for a speech pathologist for my 2 year old. We are moving to china(suzhou) in early January. My son has a motor planning disorder- apraxia and is receiving services here in the U.S. Can you help me locate someplace where I could have him evaluated in China or help me locate an english speaking pathologist. I tried to locate your web page but I was unable to find it via google.

Thank you,  
Marilyn Beck

i am a recruiter for most of the kindergartens here so i am familiar with the schools

i would recommend Newton kindergarten in SIP

and a taiwanese biligual kindergarten named 3 TO 3 kindergarten ,along xin hai jie

Hi Shan,

by any chance do you know the contact number of 3 TO 3 kindergarten?

Thanks.

Good day.

Sorry, i cannot help you off hand with this.

I suggest you connect with a family practitioner there...however kids with special needs are under serviced in China, compared to north America....perhaps your family practitioner in the US can find a connection for you...

Sorry
