Dear all,

Now because of the hot demand of this product, we don't have any in store. So I already contacted a shanghai supplier for you to send them, unfortunately due to the shipping & handling fee and price rise out of shortage of this products, it's sold for 80rmb in shanghai market. But I am willing to cut it down to 70rmb for you all to make a contribution to the suzhou expatriate community

If interested, contact me at
