We are leaving Suzhou and our ayi will be available to start a new posting for June 2nd. She is available Monday, Wednesday and Friday afternoons from 1 -4. She has been a wonderful addition to our home life and I have no complaints at all. I have never had any qualms about leaving her in our home when we are not there and are very satisfied with the work she does. She does not speak English but understands charades well and comes in and does all the cleaning the needs to be done.

You can reach me at kim.law@hotmail.com for further information. SIP area only.
