Hi guys,

I am a newbie here and need a help from you people. Do you people know any site where employees can give review for his employer? Actually I want to grade my former employer. So other people can know about him and the company. If you people have any idea in this so, please let me know. Any help will be greatly appreciated. Thanks in advance!

Hey buddy

It's a nice way to grade your own employer. I know one site where you can give review about your former employer. Visit pastjob.co.uk here you can grade him and tell the other people about him. Tell other people about his good and not so good characteristics. The most important thing is that your personal information will not be published. Hope this information will help you.
