I saw some Christmas decotration stuff in Metro ... where you also could go is to the flower market in Shanghai ... Gubei area. ... also IKEA, Auchan, Carrefour had the years before decoration stuff.

A real tree is difficult to get ... I know 2 or 3 years ago some families rent a tree ... you could ask at the flower shop at Singha Plaza close to Yumway ... the owner (lady) speaks a little bit English ... what I do to avoid communication problems is ... I show a picture to them. Normally they will help.

Good luck!
